To Whom It May Concern

This letter serves to inform you that ZETDC does engage Interest Research Bureau as interest re-computing experts on charges raised by banks and also on late payment charges levied on various projects by creditors.

The IRB engagement has consequently helped ZETDC recover quite substantial amounts of money over the past ten years.

We find them to be highly professional and quite competent in this regard and hence will not hesitate in recommending them to assignments of similar nature.

Yours faithfully

F MAZANA
